## SPECIAL TAXES.

## Those Who Will Be Caught by the Revenue Bill.

## Notices Now Being Sent Out by the Internal Revenue Collector.

Collector Franks and his office force, says the Owensboro Messenger are very busy sending out notices to the dealers, manufacturers and bankers of the Second Kentucky collection district of increased rate of taxes under the new national revenue law on July 1, and also notices to persons engaged in a business which is taxed under the new law and which heretofore paid no tax. The notice also carries with it a blank for the proper remittance of the tax due on July 1. The work was begun Saturday and notices were addressed and mailed to all of the leaf tobacco dealers and banks of the district.

Heretofore leaf tobacco dealers and banks have paid no tax, but July 1 the leaf tobacco dealers will pay a special tax. It is a graduated tax, and the dealer pays according to the amount of business he does, six dollars a year being the lowest tax, with a tax of twelve dollars and twenty-four dollars, according to the volume of business.

There are 409 leaf tobacco dealers in this collection district, a greater number than there is in any other district in the United States. It is estimated that the taxes paid by these 408 dealers on July 1 will average fifteen dollars each, making a total of \$6,135 which will be paid into the United States treasury by leaf tobacco dealers alone under the new revenue law. There are 111 banks in the 2nd Kentucky revenue district. They are taxed \$50 a year for the first \$25,000 of capital stock and surplus, and two for each additional \$1,000 the 111 banks will pay \$15,150 into the treasury on July 1. The foregoing figures with reference to the banks are taken from statements made by the banks on May 1, and they are practically correct, as there will not be much change in the surplus accounts of the banks before July 1. Owensboro will pay more bank tax than any other city in the district, leading off with \$2,328.84. The amount of tax due from banks and leaf tobacco dealers in this district on July 1, will be about \$22,000.

The Hopkinsville banks will have to pay approximately \$1,050, divided as follows: Hopkinsville \$550; City \$250; National \$150; Planters \$100.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
